Completed in 2018

About Me

Hi, I'm Uves, will soon complete my graduation with a degree in Computer Science. I'm passionate about web development and enjoy creating dynamic and responsive websites. I have experience in HTML, CSS, JavaScript, and React. I've completed personal projects to improve my skills, and I'm excited to bring my passion for React to a professional setting.

Projects

Personal Portfolio

My personal portfolio showcases my web development skills and experience, featuring a selection of my best projects built with HTML, CSS, JavaScript, React, and Node.js. It highlights my technical proficiency, education, and relevant work experience, and demonstrates my commitment to delivering high-quality web experiences.

E-Commerce website

This e-commerce website created with React offers a seamless shopping experience for customers, with features such as, search, shopping cart, and checkout process. The website is optimized for mobile and tablet devices, order tracking. With a responsive design and payment integration, customers can securely purchase products.

Mobile App for public transportation

Created an app in AKAM hackathon with the team to offer citizens/commuters the mobile app that enables them to

1. identify Bus availability from Point to A to B
2. Estimated travel time and cost
3. Sharing the bus travel information within a group to enable board the same bus

Achievements

2020 Got 2nd rank in H.S.C in school

2022 Got selected in AKAM hackathon for Grand Finale
